The chart displays the population aged 15 and over in the United Kingdom from 1980 to 2020. The Y-axis represents the number of people in millions, ranging from 0 to 25. The X-axis represents the years from 1980 to 2020. The population is consistently higher for males (blue bars) than for females (red bars). The population shows a steady decline over the period, with a slight increase in the early 1990s. The population is projected to continue to decline until 2020.
